

AMP IT UP! With Microsoft Dynamics SL 7.0 and ADS

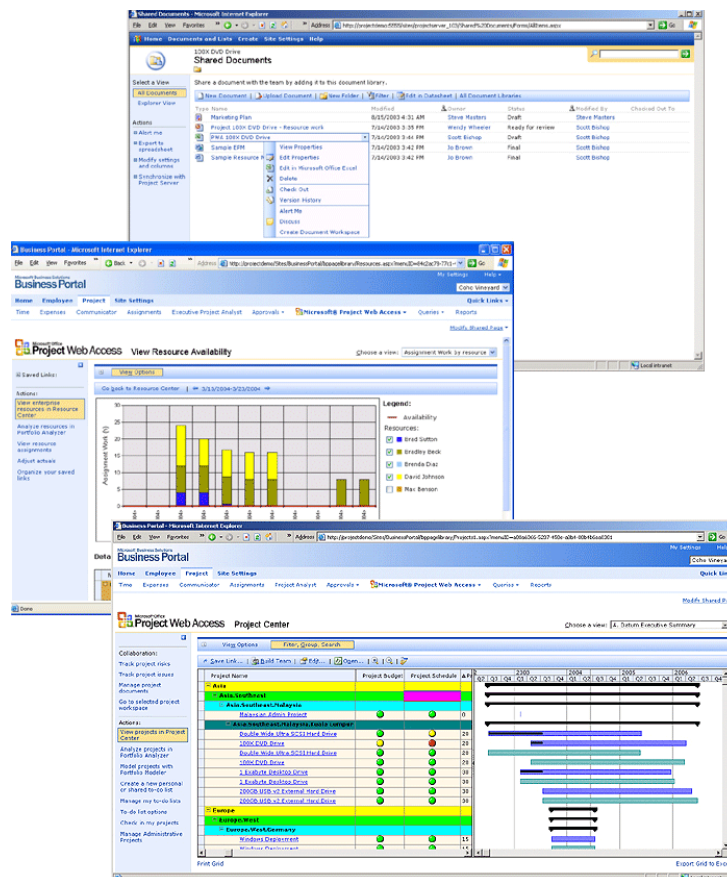

ADS and Microsoft Dynamics™ SL

Advantage Data Systems is a complete IT solutions integrator for the construction industry. ADS has specialized in accounting solutions for over 15 years and is now proud to announce the addition of Microsoft Dynamics SL to the product suite.

Benefits

- **Software and Hardware Packages**
ADS offers combined software and hardware solutions to lower the cost of ownership for clients.
- **Local 24/7 Support**
Local technicians are available to assist during installation, configuration and support.
- **Work the way you want**
Easily tailor Microsoft Dynamics SL Accounts Payable to suit the way you run your business, including taxes, aging, and fiscal period information and the entry of as many expense accounts as needed.
- **Enhance efficiency**
Increase data entry effectiveness by using vendor classes to default several document options automatically, or locate a vendor by invoice or purchase order number. Then you can drill down from a check to the invoices it paid.
- **Save valuable time**
Use powerful tools to reduce the time spent entering and viewing vendor information. For example, distribute document amounts to multiple accounts or sub-accounts without manually breaking them into separate documents.

Microsoft Dynamics is ideal for small and midsize companies that need to integrate with other systems and serve customers better, Microsoft Dynamics SL helps to automate everyday processes and improve business operations. Explore the links on this page for details about how it can help meet the needs of project, service, and distribution-driven organizations. Build complete line-of-business applications with the flexible development foundation of Microsoft Dynamics SL Tools for Visual Basic®. By enabling developers to work with familiar and widely used tools, you can minimize the amount of programming effort required to develop applications that communicate with Microsoft Dynamics SL and Microsoft SQL Server™ 2000.
